VOLUME XXXVIII NO. 78.

STANFORD, LINCOLN COUNTY, KENTUCKY, TUESDAY, OCTOBER 3, 1911

EVERY TUESDAY AND FRIDAY

SPLENDID CITIZENS RUN FOR CITY COUNCILMEN.

Announce Intention To Clean up Blind Tigers, If Elected, and to Stand for Law and Order.

Actuated by an earnest desire to make Stanford a better city in which to live, to clean up the blind tigers which infest the city, to enforce the laws and improve conditions generally, six of the best known citizens of Stanford announce their candidacy for the positions of City Councilmen. They are:

J. C. McClary,
J. A. Allen,
John S. Baughman,
Embry Beazley,
Dr. W. B. O'Bannon,
R. C. Arnold.

The City Council is the governing authority of the city, and it is through the council that the people must act. Present conditions are totally unsatisfactory to the law-abiding citizens, both white and colored, of the community, and it is solely in response to the demand made upon them by a meeting of representatives business men and citizens of the community that these gentlemen have consented to run for Councilmen. They propose to run solely upon the issue of Law and Order, and have selected as their emblem to go upon the official ballot, the Holy Bible, which is the highest authority of law and order to be found.

In order to carry out to the letter the purpose and intent of the laws governing the city, the candidates for Councilmen announce that they have selected W. P. Kincaid for Chief of Police in the event of their election. Mr. Kincaid is an upright, fearless gentleman, and may be relied upon to do everything in his power to enforce the law, and those who know him are confident that the Law and Order candidates for Councilmen have made no mistake in their selection. The candidates have issued the following address to the people of Stanford, in announcing their candidacy:

To the People of Stanford:—
At a meeting of representative citizens, called for the purpose of taking steps, to put an end to the lawlessness and vice, now unchecked and rampant in our city, we were selected and urged to become candidates for members of the City Council, to be elected on November 7, 1911.

We have yielded to the demand of our fellow citizens, and now announce ourselves candidates for this office. If elected, the affairs of the city shall be honestly and economically administered and the revenues shall be expended for the betterment of the whole city, the city shall be freed from blind tigers and other forms of lawlessness, and law and order, peace and quiet shall prevail on every street and alley of our city, day and night.

In order to carry out these great reforms, we have selected to assist us, and will if elected, appoint the following officers: K. S. Alcorn City Attorney; W. P. Kincaid, City Marshal; Walter Saunders, Treasurer; and J. D. Warren Clerk. These gentlemen did not seek these positions, but were chosen by us, because we believe them eminently qualified for the offices and they only consented to serve at our earnest request.

If you are in favor of a clean city, all along the line, then not only vote for us, but give us your active and hearty co-operation.

J. C. McClary, J. S. Baughman, W. B. O'Bannon, R. C. Arnold, J. A. Allen, Embry Beazley.

It is very strongly rumored about town that a number of the present Councilmen will not seek re-election. With the people thoroughly understanding conditions that confront them and the large majority of the good people earnestly desiring a change and the strict and impartial enforcement of the law, it is not believed by many that there will be enough men willing to take the open position of advocating a continuance of blind tigers and against the enforcement of law, to oppose this splendid ticket who have announced themselves.

Italy declared war on Turkey Friday afternoon and hostilities immediately commenced. The Italians, Bengazi, and the harbor of Prevesa, are said to have occupied Tripoli, a naval battle was fought off Prevesa and the Italian squadron is said to have so badly damaged two Turkish ships that they have gone ashore. The Turkish Cabinet has resigned. A Constantinople dispatch says that Turkey will not offer armed resistance to Italy. The declaration of war caused great surprise in official circles at Washington.

"POSSUM" ROUT SHOOT CLAY DRYE TO DEATH

John Harris Rout brutally murdered Clay Drye in Macksville at half past three o'clock Monday afternoon, just before the I. J. went to press. Will Lovelace, another negro, who was an eye witness to the affair, declares that Rout approached Drye as he stood on Green Hansford's porch out of the rain, and with an oath declared: "I am going to kill you."

He fired one shot from a single barrel shot gun and as Drye staggered off, although he is a one-armed man, Rout managed to reload and fire again. The second shot struck Drye in the bowels, scattering his entrails over the ground. Rout was arrested and locked up. He is a bad negro and has frequently been in court on a charge of bootlegging whisky. Drye worked at Beazley's stable and was considered a good negro. The wives of the two men are said to have had a quarrel before, but so far as known the two men had not had any words.

BOMBSHELL THROWN INTO REPUBLICANS

By Expose of O'Rear's Double-Dealing With the Liquor Interests—Inside of Plot Laid Bare

Owensboro, Ky., Oct. 1.—A bombshell was thrown into the ranks of the Republicans and O'Rear supporters of this end of the state when the original of the letter sent out by Col. J. W. McCulloch of Owensboro, a millionaire distiller and president of the Kentucky Distillers' Association, asking for contributions to the Republican campaign fund to elect O'Rear Governor and a Republican to the United States Senate, fell into the hands of the Democratic organization. The letter was sent broadcast to employees of the Internal Revenue Service, postmasters and other workers in the Federal service.

On stationery of the "Republican State Campaign," the names of John W. Langley, chairman, and Alvis S. Bennett, secretary, appearing at the top, Colonel McCulloch is sending out his appeal for aid.

An interesting story is contained in a special from Paducah on the organization of the branch headquarters at the Palmer House in that City on Sunday, August 27.

Colonel McCulloch went to Paducah that day to meet Judge O'Rear, Chairman Langley and other Republicans. It is said O'Rear and Langley had written Mr. McCulloch more than once urging a conference.

On the Sunday of this meeting, it was given out in the newspapers that Judge O'Rear went to hear his old pastor, now located in Paducah, preach and enjoyed the sermon very much; also that Judge O'Rear spent the remainder of the day at rest, refusing always to travel on trains or transact any worldly affair on Sunday.

According to the story just published, after dinner on that Sunday they assembled in Judge O'Rear's room about 20 prominent republicans, who had come by his invitation, from the First and Second Congressional districts.

Judge O'Rear immediately took charge of the business in hand, and at his dictation the following officers were chosen for the branch organization, with headquarters at Paducah: T. W. Vinson, of Caldwell county chairman of the Executive Committee; W. P. Scott of Hopkins county chairman of the Speakers' Committee; Wallace Key of Calhoun county chairman of Publicity Committee; W. T. Fowler, of Christian county, chairman of organization Committee; John W. McCulloch of Daviess county chairman of Finance Committee. Mr. McCulloch was made chairman of the Finance Committee on motion of Mr. Langley, with Langley, with Judge O'Rear nodding and smiling approval.

Mr. McCulloch accepted the honor, and in his characteristic, business-like way said there was no time like the present for beginning the work of raising money. He, therefore, announced his own subscription to the campaign fund, and in a few minutes had raised among those in the room \$500.

NEW CASHIER OF THE STATE BANK & TRUST COMPANY

M. B. Salin.

M. B. Salin, of Mt. Vernon, has been elected Cashier of the State Bank and Trust Company, of Stanford, to succeed J. W. Hutchison, and will be here this week to assume his duties. Mr. Hutchison will go to Louisville, where he has accepted an important position with a big insurance company.

For the past several years, Mr. Salin has been cashier of the People's Bank of Mt. Vernon, where he has made a signal success, and it was with much regret that that institution accepted his resignation, to enable him to come here. Mr. Salin's letter of acceptance to the Board of Directors of the local bank reads as follows:

Gentlemen—I take pleasure in accepting your cashier's position at the expiration of Mr. Hutchison's term, and in doing so, I hope you nor I have made any mistake. But, gentlemen, the success of the business depends on the personal co-operation and push we give the business. I am willing to pledge mine, and I ask for your co-operation. The success is not in me, but you with me as leader, and with this unity, I think that Stanford offers

the greatest, or, at least, one of the greatest, openings in the state.

I now thank you, gentlemen, for the estimation in which you have regarded me and hope that I may prove myself worthy of your esteem and selection. Thanking you, one and all, and hoping to meet you personally soon, I remain, Yours Truly,

M. B. SALIN.

Mr. Salin is a native of Owen county and a graduate of Georgetown College. He was assistant in several banking institutions and organized the People's Bank of New Hope, Nelson county, remaining for some time as cashier. He went to Mt. Vernon some six years ago and was chosen cashier of the new People's Bank. This bank is now the largest bank in Rockcastle county. Mr. Salin was the promoter and organizer of this bank. The people of the counties with whom he has been associated, esteem him highly as a business man and individual. Mr. Salin is also interested quite extensively in farming with his brother in farming in Owen county.

Mr. Salin and wife will undoubtedly be cordially welcomed to Stanford by everyone. He is a Knight Templar, a member of the U. O. O. F. and of the Baptist church for 31 years, his father having been a minister of that denomination.

HORRIBLE AFFAIRS.

Another Big Dam Gives Way and Hundreds Drown

Austin, Pa., Oct. 1.—More than 200 persons were drowned and untold numbers were maimed here Saturday afternoon when the great dam of the Bayless Pulp and Paper Company, holding back more than 500,000 gallons of water, went out. Forty bodies have been recovered, a rank of them so maimed that recognition is impossible. The survivors are in a frenzy. There is no organization, the town being dazed by the force of the calamity which came without a moment's warning. Mayor Mum has not been located, and it is feared he has been drowned. Hundreds of men, women and children are searching through the ruins of the village for their families and friends.

The only light is the glare of hundreds of houses which caught fire from broken gas pipes almost before the flood had passed. Chaos reigned from the moment the mighty wall of water tore through the town, and there will be no relief until help comes from the surrounding towns. The property damage is estimated at \$6,000,000.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by all dealers.

Rev. Roy Rutherford will preach at the Crab Orchard Christian church Sunday, Oct. 8. All are invited to send.

BOX OF BABIES' BONES

Washed Out of Gully by Heavy Rains Over in Casey

Hustonsville, Oct. 2.

Why are there no new buildings going up on the lots recently sold at McKinney?

Geneva is still improving. A saw and planing mill is the latest addition to business and it is doing well. The residence of Clay Snow in the Green River valley near Matt Reynolds' was burned Sunday evening week with most all its contents. There was no insurance.

The bones of an infant recently found on the Hicks farm near Middleburg have not been identified.

Mr. T. B. Gallie and family, of Mt. Salem, left Sunday for Tampa, Fla., where they will make their future home.

The Mayor of Jumbo says business in that live village is exceedingly slow since the close of the last camp meeting.

Mr. G. H. Floyd is doing a flourishing business at Geneva and the saw and planing mill is running full time.

Mrs. Maggie Wright and Mrs. Mollie Vandiver, of Harrodsburg, were the guests last week of old friends and relatives at Hustonsville.

The teachers' meeting held at the college building at Hustonsville last week was well attended.

Concrete sidewalk on West Main street in Hustonsville extend now from Danville avenue west to Douglas avenue and the work is to be extended to the D. S. Carpenter home.

Rev. Carey Blain, our Presbyterian pastor, preached in Lexington, Mo., last Sunday.

Burdette Powell has sold his farm in the edge of Casey and will continue merchandising at Hustonsville.

Misses Sallie and Beatrice McKinney, of Illinois, are visiting their grandmother, Mrs. Mittie McKinney below town.

On the farm of the late Alex Hicks on the Hustonsville and Middleburg pike, two miles north of the latter place in Casey county, a tenant found a few days ago a box of bones that had been buried in a gully out in a field near the house. The heavy rains recently washed the dirt from the box and exposed it. When taken out and examined by a Middleburg doctor, he found the skeletons of three babies and almost enough bones to make another. There is much mystery about the gruesome find for there have been no babies missing in that section that anyone knows of.

Mr. Avritt and wife, of Bradfordsville were guests last week of Mr. and Mrs. F. M. Yowell.

The survivors of the old 4th and 10th Kentucky Volunteer Infantry and the 1st Kentucky Cavalry of the Union Army in the Civil War are requested to appoint a committee a once to arrange for a reunion to be held in Lincoln county during October.

Milton McCormack, our southpaw twirler, has returned home from the South Atlantic League, where he played a most successful season. His many friends confidently expect him to break into the big leagues next season.

The many friends of Thomas Denham will be sorry to learn of his serious illness.

Marshall Herring and the blood hounds have been doing some very fine work in this section recently.

JUNCTION CITY

While on his way to King's Mountain Wednesday driving the oil wagon, Mr. Ernest Richardson was painfully wounded by a rifle falling from the seat of the wagon, hitting the double tree and exploding. He was at once brought to the home of his parents, Mr. and Mrs. W. T. Richardson, in this city.

Mr. J. E. Wallin, of Crab Orchard, who holds a position with the Q. & C. railway, was a visitor here on Thursday. Mr. Wallin has recently suffered a severe illness which has left him very thin. It is his intention to move to this city just as soon as a suitable residence can be found for him.

PULASKI WAKING UP

Pulaski is going to get good roads by volunteer work. The first day of the volunteer road-working week was a good success. Judge Tartar estimated that over 5,000 hands were at work and a much larger force is expected to work the rest of the week. Nearly every business man in Somerset donated four days' work by hiring someone to go out. Judge Tartar estimates that at least \$20,000 worth of work will be done in the four days.

ANOTHER MEETING

To Be Held To Perfect Parent-Teachers' Association.

At the first meeting of the Parent Teachers' Association last week a number of patrons were present to hear and discuss those things which would do most for increasing the school spirit in Stanford. Among those who made interesting talks were Mrs. W. M. Bright, Mrs. T. D. Raney, H. J. McRoberts and J. S. Hocker. Some good music was furnished by Miss Mary Moore Raney and Miss Ellen Ballou.

There was not a sufficient number to justify an organization and Supt. J. W. Ireland suggested that it might be well to abandon the idea, but so enthusiastic were those present that a motion was made, seconded and unanimously carried to hold another meeting Friday afternoon, October 13th, and each one present to act on a committee to explain the purpose of the association and get a larger number present. All who were present pronounced the association an organization that will be effective and one which will accomplish many good things in an educational way.

FAIR VALLEY

Fair Valley is located three miles south of McKinney near the Green river ford.

James N. Dye, of St. Louis, visited his parents, Mr. and Mrs. John M. Dye last week. After spending two weeks, he returned home, taking his sister, Miss Luella with him to spend the winter. Her many friends were sorry to see her go, but their best wishes go with her. While at home, Mr. Dye captured a large rattlesnake near his father's home, which had 11 rattles and a button, and measured four feet and four inches. It took the skin stuffed to St. Louis with him.

There were about 45 people at Mr. J. M. Dye's Sunday, the 17th. Among those present were Mr. and Mrs. Will North and family, Messrs. Thomas Earles, Richard Martin, Gilmore Burton, Harry Jacobs, K. G. Prominent Citizen of Garrard Passes Away After Short Illness—Other News Over the Line

Lancaster, Oct. 2.

Thomas Salter Elkin, aged 64 years, died at his home in this city at 1 o'clock on Saturday, after a brief illness of double pneumonia. The community was shocked when it was known Mr. Elkin was dangerously ill, for it was only recently that he was seen at his accustomed place of business. A widow and two grown sons, Robert and Shirley, and three brothers, John, Gabe and Mike and one sister, Mrs. Alice Huffman, of Stanford, survive, and to them much sympathy is extended. The funeral was held Sunday afternoon at 4 o'clock in the Lancaster cemetery, conducted by Elder F. M. Tindler. Messrs. B. F. Hudson, W. L. Lawson, J. J. Walker, H. T. Logan, James Davis and James I. What reputable citizen of Stanford is willing to come out boldly on the side of the blind tigers by opposing the Law and Order ticket for Councilmen who announce their candidacy in other columns of this issue? The issue in the City campaign is going to be clean cut. There is going to be but one question to consider in the election. Are you in favor of a continuance of present conditions, or do you want a better, cleaner and more law abiding city? These gentlemen who announce themselves who are well known to every one in Stanford, and there is no doubt but that they will "make good" if elected councilmen. They stand open and above-board for the enforcement of the laws in the city. What do you say, Mr. Voter. Do you want a clean city or not?

Col. John B. McCullough, of Owensboro, one of the largest distillers in the state, has been sending out letters to storekeepers and gaugers and other federal employees, seeking to raise money to finance the O'Rear campaign for governor. And O'Rear continues to preach temperance on the stump and pose as a reform candidate.

Judge O'Rear has discovered that Edward J. McDermott, Candidate for Lieutenant Governor, is one of the ablest, purest and best men in Kentucky. To quote his exact language, he says: "Ed is the classiest one of the bunch." The truth is that the entire Democratic Ticket is the strongest and worthiest ever presented to the voters of the state.

The democratic campaign book is one of the most complete political compendiums ever issued. It is packed with valuable information for all classes of Democrats. Every statement in it has been confirmed by the official record.

The Georgetown News has bought a linotype machine and Oct. 1st became a semi-weekly. If all country publishers knew just what they could do with a linotype, many more would be following in Editor Thompson's steps.

President Taft will find that the farmer will not support a candidate for president who would take the tariff tax off all he sells and leave it on all he buys.

A battle is reported to be raging in the Dardanelles between the Turkish and Italian fleets. A dispatch from Rome says the destruction of the Turkish fleet has been confirmed. Constantinople reports the Turkish vessels are safe in the Dardanelles. Tripoli, under date of September 30, reports that the Turks have evacuated that city and gone into the interior.

The farmers are taking advantage of the weather and are sowing wheat and cutting corn. It is reported that there will be one of the largest crops of wheat put in this year in years and corn is yielding fairly well.

Mr. J. Ford sold to Mr. Pence a male colt for \$63.

Mr. L. D. King is loading cross ties for shipment and has a crew from Casey doing the work. They will be shipped to Burnside.

There came to my place on September 24th a hog. The owner can get same by paying for the keeping. Joe, Jessie, Mr. William Coldiron, sold to Mr. J. C. Ford a lot of clover hay for a fancy price.

The people of Moreland are on a move. Mr. B. P. Shewmaker the local freight agent moved in the house he bought of Miss Jennie Haley which was occupied by Mr. James Minks, who moved into the house occupied by Mr. Marcus Moore, Mr. Moore moving into the Minks Hotel which has been under the management of Mr. C. K. McClure who will still run his store and move into the house occupied by Mr. Shewmaker.

Miss Florence Merriman was in Junction City while her father went on to Danville.

Misses Minelle Pruitt and Mabel McClure attended the teachers' meeting at Hustonville last Saturday.

The Epworth League met at the Methodist church last Sunday night and had a very interesting program led by Ernest Ford. After the league was dismissed Rev. F. D. Palmer delivered a very interesting sermon on the different kinds of prayer.

Mrs. J. C. Ford returned home Sunday from Somerset where she had been called to the bedside of her father, Mr. F. H. McBeath, who is able to be out again.

Prof. Harvey Hopkins was home from his school he is teaching near Stanford, over Saturday and Sunday.

"I know of so many cases where women have been cured by Lydia E. Pinkham's Vegetable Compound that I can say to every suffering woman if that medicine does not help her, there is nothing that will."—Mrs. JANETZKI, 2963 Arch St., Chicago, Ill.

This is the age of substitution, and women who want a cure should insist upon Lydia E. Pinkham's Vegetable Compound just as this woman did, and not accept something else on which the druggist can make a little more profit.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

TEMPERANCE COLUMN

This space is reserved for the Temperance Committee of Lincoln County.

The men who desire to have the local option status of Lincoln county changed and the saloons opened in the county have filed the petition required by the statute, upon which is to be based the motion for an order calling an election upon the question in December. Both of the great political parties of the state have written into their party platforms an endorsement of the county unit. Politics cannot enter into the question. It is one purely affecting the public morals of the county. No man is bold enough to declare he is in favor of encouraging the drink habit. All must confess the evil which flows from it. The argument of some is that we need the revenue; but the criminal records of the county show that expense of the courts and jail is increased by the presence of the saloon to such an extent that the license paid does not lower the tax rate. This argument simply won't hold, because the facts refute it.

Others argue that they are opposed to the drunkenness, but oppose the local option status because more liquor is sold by the blind tigers than by open saloons. The facts refute this argument; but granting the truth of it, what does it mean? Simply that either will neglect duty, or criminal connivance on the part of the officials charged with the enforcement of the law is such in this county as to disgrace and community in this fair commonwealth. This we are loth to believe but the argument is made by a considerable number of our people. If it is true, then, let the self-respecting citizenship of the county "cleanse the Augean stables." When officers are to be filled by election, fill them with men who will enforce the law, and if there are those now in, who refuse to enforce the laws, there is the quick and sure relief of impeachment.

Upon the question of local option, as upon all questions, there is difference of honest opinion, and every man is entitled to his opinion. But as it seems by the argument, the main objection to the local option statutes, is the flagrant, great and open violation of it by the blind tiger. Then the gentlemen who present this argument and who, to make it honestly, are compelled to be in possession of the facts, like honest men that they are, let them point out the violators to the sworn officials who are paid to enforce the law. Do this and the truth ends; do this and you have done your duty. The man who does less has no claim to good citizenship. The man who knows of murder, theft, arson, or rape and would not inform the officers, would be justly branded by his fellows as a shameless brute. The man who knows and can point to the persistent violator of any law, and does not band him over to the courts is either a dirty coward, or a criminal himself. The man who indulges in the argument that more liquor is sold under the present condition than with the open saloon, is either an irresponsible gossip who shoots off his mouth, without knowing or caring for the facts, or else a fellow who knows the facts and lacks both the good citizenship and the manly courage to name the guilty man. It is a question upon which there can be no middle ground, it is either right or it is wrong. High license can't give the relief, for the fellow, who pays the high license, to make his business a go, has simply got to sell more drinks than the fellow who pays the low license, and it is the drunkards that fill the prisons and bring want and degradation. The democratic party favors it, the republican party has declared for it, and Lincoln county will hold on to it.

How to Converse.

In conversation men should not talk to please themselves, but those that hear them. Were this rule generally observed, it would make them consider whether or not the speech be worth hearing; whether there be either wit or sense in what they are about to say; and whether it be adapted to the time when, the place where and the person to whom it is spoken.

Man's Many Wants.

How many ways there are in which our peace may be assailed, besides actual want! How many comforts do we stand in need of, besides meat and drink and clothing! Is it nothing to "administer to a mind diseased"—to heal a wounded spirit? After all other difficulties are removed, we still want some one to bear our infirmities, to impart our confidence to, to encourage us in our hobbies (nay, to get up and ride behind us), and to like us with all our faults.—Hazlitt.

JOE A CANDIDATE AGAIN

(Louisville Times.)

State Senator R. L. ("Took") Hubble and Joe Embry, doorkeeper of the last House of Representatives, both leading Democrats of Lincoln county, were in Louisville the other day and said that they had never seen Democratic prospects brighter in that section of the 18th district. They said that former Democrats who had left the party in the past were returning to the fold by scores and that in consequence the Republicans were badly rattled even some of them saying they intended to vote this time for McCreary and the rest of the Democratic State ticket. Senator Hubble said that he expected the next session of the General Assembly to be one of the most important ever held in the state. Joe Embry will be a candidate for his old place as doorkeeper of the House, up to the present time having no announced opposition.

BETTER KILL IT RIGHT NOW.

Col. John H. Welch has returned from Michigan and Canadian points where he sojourned for several weeks nursing his congressional boom. He says he experienced frost in that northern clime and we suppose his congressional bid of hope did not feel the withering blasts of old Boreas' tempered blasts. It takes a political frost to kill off congressional germs and political boomlets and we admonish Col. Welch to take good care of his bud of hope for a political cyclone is scheduled about the time he offers himself as a sacrificial lamb on the altar of Democracy that will freeze his every hope and aspirations for congressional honors—he's a Democrat alright, but of what brand I am unable to say.—Nicholasville Gatling Gun.

A very painful, though not serious accident occurred last Thursday while Mr. David Lane and an assistant were hauling tobacco round a steep hillside to his barn. By some ill-fortune, the wagon overturned and Mr. Lane was thrown violently to the ground. In descending, he fell on the end of a tobacco stick and a deep gash several inches long was torn in his side. An interesting, though very simple device is being used by our farmers in transporting tobacco off a hillside to the barn below. Wires or ropes are stretched up the ascent and the tobacco, tied onto them easily finds its way to the bottom.

By the end of last week all the tobacco in this section is in the barn. The crop is being cut later than for many years, though the yield is fair. Corn is being cut and the crop is very good. We were blessed with many good rains during the summer.

The readers of this paper will be pleased to learn that there is at least one remedial disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have no much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
